

Bemærk: skal sengen bruges af voksne, må længden forøges til
190 - 200 cm indvendig.

Mål 1:10

Mål 1:10

Gitteret hængsles fast på sidestykket
og forsynes med skudrigler. Sider og stol=
per samles med almindelige sengebeslag.

Mål 1:2

Listerne A og B danner lais for
 en krydsfiner- eller masonitplade,
 der danner låg over skufferummet.
 Med hensyn til tilpasning af
 skuffer m.v. henvises til nr.9.

The drawing illustrates the construction of a cabinet. On the left, a vertical section shows the side panel (A) and the drawer unit (B). The side panel is shown in a perspective view, with its top edge labeled 'A' and its side edge labeled 'B'. The angle of the side panel is marked with the symbol θ . The drawer unit is shown in a perspective view, with its front edge labeled 'B' and its side edge labeled 'A'. The angle of the drawer unit is also marked with the symbol θ . The side panel (A) is shown with a cross-section of a cross-laminated board or masonite board, which forms the base of the drawer unit. The drawer unit (B) is shown with a cross-section of a drawer, which is supported by the side panel (A).
